## 09 March – Update on Board of Trustees Activities

### 1. Board Makes Hoover Decision

The Board of Trustees took action at the March 8, 2011 Board meeting and chose to create Hoover as a K-5 neighborhood school. The District will set out over the next few months to create the process for determining the needs and designs for the school site, with much opportunity for public input occurring in the fall of 2011, including that of the newly hired superintendent.

With regards to the boundary lines revision, the District will be contracting with the same company that conducted the most recent demography study to facilitate the boundary line decision-making process. The proposed schedule for the boundary line decision-making process is set for January-May 2012, with a final decision in May 2012.

Hoover is scheduled to open as a K-5 neighborhood school in August 2014.

Please visit the District's website for information and updates to the Hoover process. From the homepage [www.bsd.k12.ca.us](http://www.bsd.k12.ca.us), look under the Our Schools tab – Elementary Schools – Hoover.

END OF UPDATE
